## VENEERED CHIPBOARD

### Composition

Chipboard panel covered with veneer. The panel can also be supplied in special versions: **LIGHT, FIRE-RESISTANT AND WATERPROOF.**

Available in an FSC-certified version, upon specific request.

### Applications and Use

Economical panel indicated for the construction of doors and furniture. Its stability, uniform thickness and mechanical characteristics make it a great value for the price.

### Gluing

According to the UNI-EN 314-2 standards Class E-1

### Specific weight

Thickness	Weight kg/m <sup>3</sup>
